## About Me

I'm a college graduate looking for a job pertaining to my skills. I have decent communication skills, in Urdu and English. Since I have a strong background in English language I can converse at length without hesitation in written and oral format. Apart from that I have always been very diligent and punctual. I'm looking forward to utilize these skills. I'm good at conversing and will learn the dynamics of the task fairly quickly, I can keep clients invested and interested, and make them feel as if their time is being valued by concise and to the point discussion.
